

Asks End to Incineration

Proposed amendments banning backyard burning in all incorporated cities after June 30 were requested Monday by Air Pollution Control Officer Smith Griswold.

The county smog chief asked the Board of Supervisors to instruct County Counsel Harold W. Kennedy to prepare changes in air pollution control district rules banning single-chamber incinerators and open fires to include unincorporated areas within the Los Angeles basin.

Area Defined
The basin area has been defined as bounded on the north by the Santa Susanna and the San Gabriel Mountains; on the east by the San Bernardino and Orange County lines; on the south by the Pacific Ocean and on the west from the city limits

on Pacific Coast Hwy. to where Los Angeles city limits meet the Ventura County line. Cities unable to comply with the proposed rule because of failure to establish adequate rubbish collection facilities by July 1, would be granted a temporary variance by presenting a formal resolution to the Air Pollution Hearing Board detailing reasons for non-compliance, he said.

Deadline Asked
Griswold proposed that in no case should exemptions be extended beyond Oct. 1, although Oct. 19 had been the date set as a final deadline for compliance.

Establishment of uniform evening burning hours from 4 to 8 p.m. was also requested by Griswold for cities seeking delay in the burning ban.

High School Music Groups Set Concert

The Girls Glee Club at Torrance High will be one of four music groups to participate in the Spring Concert, to be presented May 6, at 8:00 in the high school auditorium. This concert is being presented by the music department of the high school.

The Glee Club will sing five selections which include "California Here I Come" by Douglas MacLean, "The Hills of Ivy" from the Ivy Choral Series by Henry Russell, "Glorious Apollo" by Webb, "Harbor Lights" by Jimmy Kennedy, and a special arrangement of "Louisiana Hayride" by William Stieckler.

The Girls Glee Club is an organization consisting of more than fifty young singers. They have been active in various school functions throughout the year, according to Glenn Hawley, director of choral music at Torrance. They have sung for the annual high school Christmas Concert, and presented programs for the High School Parent-Teachers Association and the local Torrance Education Association.

MEAL SOURCE
About three-fourths of the U. S. supply of linseed oil and linseed meals come from Minnesota mills.

New Theatre First Curtain Rises Tonight

Tonight at 8:30 the curtain rises on community theatre in Torrance when ACCEPT Theatre presents Ayo Rand's "Night of January 16th" on a portable stage at the YWCA, Carson and Plaza del Amo. Opening in what is designed as just the first in an infinitely long line of quality productions, ACCEPT plans to run this three-act courtroom drama for five additional nights—May 6, 7, 12, 13, and 14. Tomorrow's performance has been donated to the Youth Coordinating Council toward the building of their proposed recreation center. Tickets are being sold by students in advance, but there probably will be some tickets available at the door. Rosemary De Camp expects to be on hand, along with other Hollywood stars who will attend if their shooting schedule permits.

Accent Acquired
Jo Harestad (Mrs. Paul) has the starring role as the defendant, Karen Andre. An alumna of Torrance High School, she has been an employee of the Torrance Unified School District and was an active Tartar Lady while a student here. Her characterization includes a carefully cultivated accent which should startle her friends and remind them that local talent can indeed be outstanding talent.

The mother of three children, Mrs. Harestad has not only

Portrait by Seaman
IN LEADING ROLE — Jo Harestad, who has spent most of her life in Torrance, has the feminine lead in Accept Theatre's "Night of January 16th" when it is staged at the YWCA building Thursday.

been busy at home and at rehearsal, but also she has spent much time as vice president and membership chairman of ACCEPT. Theatre's Husband Paul is technical director of "Night of January 16th" and, along with LeRoy Pulliam, house manager, and other men in the group, has been responsible for the construction of stage and settings, the creation of a complete lighting system, and the design of stage and decor. Crews under Harestad's supervision have worked 24-hour stretches in his back yard on Orondo St.

"All the labor has been done as a labor of love," Harestad commented. "Everyone has pitched in, but we all know the thing we are looking forward to most of all is having our own theatre. That is the next project." A few tickets are still available for some of the performances from Mrs. Marion Humphreys, FA 8-4554.

REV. CAIN TO DISCUSS WOMANHOOD SUNDAY

"Christian Womanhood" will be the sermon topic of the Rev. George F. Cain at the South Bay Baptist Church, 4565 Shady

ryne Lane, in the 11 a.m. services Sunday.

There will also be a service of dedication for babies and young children, with junior church services and crib nursery care provided at the same time.

At 7:30 service, Rev. Cain will discuss "Pillars." A baptismal service will also be held. Monday night will be work night.

On Tuesday, ladies will journey to the First Baptist Church in Montebello from 10 a.m. to 2:30 p.m. for a White Cross meeting. Nursery care will be provided, and supplies will be taken for Pat and Hammond Major, who will return to India in July. Persons needing transportation may call FR 4-3626.

Tiny Roebuck will be guest speaker at the Men's Fellowship dinner Tuesday night at 6:30, but reservations must be in by Sunday evening. The concluding study of the furnishings of the Tabernacle will be held at 7:30 Wednesday evening.

White Cross Ladies will work again next Thursday from 10 to 4 in the chapel, with ladies asked to bring scissors, and material for quilt blocks.

Mothers' Rites Set Sunday at E & R Church

The Festival of the Christian Home will be observed at Seaside Community Evangelical and Reformed Church this Sunday, with the Rev. Richard A. Miller's sermon emphasizing Mother's Day.

Regular services are now being held in the chapel at 230th and Ocean Ave. Dedication services were held at the recently completed building on April 17.

Church school is held from 9:30 to 10:30 a.m., with classes for children of different ages, groups, and one for adults. The church service begins at 10:45 a.m., with child care provided for smaller children during the church service.

The choir meets Thursday evenings at 8 p.m. in the chapel, under the direction of Mrs. Thomas Traumer, choir director.

The Women's Guild will have its regular monthly meeting Tuesday at 8 p.m., with Mrs. Howard Miller as hostess.

Adam, Fallen Man Set as Sunday Topic

The uplifting power of God made manifest in His great love for man renews the Lesson-Sermon "Adam and Fallen Man" in the Christian Science churches Sunday.

"As in Adam all die, even so in Christ shall all be made alive" (1 Cor. 15:22) is the Golden Text of the sermon.

A reference from Revelation (21:3, 7) develops this thought. It reads, "I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men . . . and God himself shall be with them, and be their God . . . He that overcometh shall inherit all things."

On this subject, Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Popular theology takes up the history of man as if he began materially right, but immediately fell into mental sin; whereas revealed religion proclaims the Science of Mind and its formations as being in accordance with the first chapter of the Old Testament, when God, Mind, spoke and it was done" (p. 557).

Camporee Cut Short By Rains
More than 650 Boy Scouts from the Harbor District, the largest turnout ever, attended a short Harbor District Camporee over last week end at Griffith Park's Mineral Wells.

The camporee, designed to give Boy Scouts training in camping and in other Scouting activities which saw Scouts pass rains forced the groups to abandon their camps. All available cars were pressed into service to return the hundreds of boys to their homes.

Explorer Advisor William Sells and Assistant Advisor Jack Canning attended with Explorer Scouts who served as a service unit for the camporee. These Explorers presided over activities which saw Scouts pass from Tenderfoot to Second Class, and so on up the line.

Explorers from Torrance Post 219X attending the camporee included Fred and James Cameron, Mike Gurrola, Dick Heibert, Richard Jerkovich, Don Kelley, Paul Lupo, Frank Montez, Jack McNeil, Chuck Schaeffer, Bill Sells, Bill and Dick Snyder, Sheridan Swift, John Webb, and Tommy Zlaket.

Rolling Hills Man In Army 'Operation'

Lt. Col. Harry H. Ingraham Jr., whose wife, Dorothy, lives at 26672 S. Eastvale Road, Rolling Hills, took part April 18-19 in Exercise Break Through, a staff training exercise for Regular Army, Reserve and National Guard units, at Fort Ord, Calif.

Strike Hits Egg Supply

Although some local markets reported an egg shortage this week, others were not affected by the egg candlers' strike which tied up shipments of eggs to grocery stores.

Members of the American Federation of Labor Provision House Workers Local 274 were scheduled to meet this week to consider an eight-cent-per-hour wage increase offered by processing firms.

An official said eggs from farms and ranches were piling up at processing plants. He said they cannot be sold unless candied under state law.

You'll feel like a pilot without leaving the ground

Just wait till you switch the pitch of Buick's new Dynaflo!

How would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflo.*

Not only do you take command of record-high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflo that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience.

Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick
